Meet Happy Money, we're not just a business, we're a movement, providing financial tools and services for human happiness, working outside of the Sad Money™ complex with an innovative business model that works for members.

Working at Happy Money | Glassdoor
Happy Money is an interesting read into how our spending habits can make us happy -- or not! The book uses studies to explore how what we earn may not be as important to our well-being as where we work, and what we own may not be as important to our happiness as what we experience when spending money.

your money. Authors Elizabeth Dunn and Michael Norton have outlined five principles—from choosing experiences over stuff to spending money on others—to guide not only individuals looking for financial security, but also companies seeking to create happier employees and provide “happier products” to their customers.

Happy Money Reviews | Glassdoor
Happy Money is an insightful read that is sure to make you stop and think. A book that will help you transform your life to focus more on the now and less on the money. To find ways to experience happiness and abundance together. Happy Money is written more like a conversation than a lecture or a self-help book.

looking for financial security, but also companies seeking to create happier employees and provide “happier products” to their customers.

Happy Money | LinkedIn

The basic premise behind Happy Money is that most of us have arrested development when it comes to finances. We hold deep-seated beliefs that we adopt from a young age based on our parents’ attitudes towards money — and we’re not typically conscious that we’ve taken on those messages as we get older.
