Hesston 530 Baler----make firmer b... - Yesterday's Tractors
Hesston has been known as the hay and forage innovator since 1955, when the company developed the first commercially available self-propelled windrower. Other industry firsts have included the first hydrostatic windrower, the first center-pivot mower-conditioner and the first big square baler—which had nearly 50 individual patents of its own.

I am working on a Hesston 540 round baler and had a few questions about the hydraulic bale tension system operation. Mainly- the belts are getting loose when the lowering the tailgate. I mean loose enough the hang down between the tailgate and pickup. This is when raising and lowering the tailgate with no hay in the chamber.
