History of Psychology | Noba

The history of psychology has not one of my students' favorite topics on psychology, but it is an important one and a necessary one. Students tend to find most textbooks' descriptions of our history boring. Personally, I think our history pales in comparison to studying social psychology or advances in neuroscience, but our history is what ...

A History of Psychology: Ideas and Context - D. Brett King ...

Psychology is an exciting field and the history of psychology offers the opportunity to make sense of how it has grown and developed. The history of psychology also provides perspective. Rather than a dry collection of names and dates, the history of psychology tells us about the important intersection of time and place that defines who we are.
