The Averta alarm system simply added to the HISS the convenience of a motion detection alarm system with Key fob remote disarming (but only whilst the batteries were good). If you do have an Averta system fitted as an add-on there are however some known issues - especially if you have lost the user manual and no longer have a correctly coded key fob.

Unfortunately I didn't know this and ended up flattening the battery trying to fix it. After buying a new battery the bike instantly clicked back into neutral, but I now have an issue with the Honda Averta Alarm system...each time I switch on the power to my bike the alarm starts, and the keyfob doesn't turn it off.
