I'm in process (maybe) of purchasing a 2016 Honda CRV with this CVT transmission and decided to research the transmission a bit and found this. What am I doing? I have a manual transmission Hyundai Elantra with 265K (all mine and I beat the heck out of it) on it and still runs well. I'm putting off my purchase a bit.

CVT vs Automatic Transmission - Which is Better?

Is a CVT better than automatic or manual? The biggest advantage of the CVT over automatic or manual units is its ability to provide power without shifting while driving up a hill, for example. Because the CVT transmission operates without any physical gears, it has an infinite number of ratios, making it the most fuel-efficient technology.
