Honda Outboard Motor Model Year Look-up Guide All model names start with "BF" but these two letters do not appear on the engine cover sticker. The frame serial number is found on or near the stern bracket, stamped into a metal plate. The number uses the form "BXXX-XXXXXXX" and may also be referred to as the product identification number.

How to Find Year on Honda Outboard | It Still Runs To find the model number, look for a model number sticker on the engine. All Honda engines model numbers start with the letter "G," such as "G100", "GX610", or "GXV160." This is the base engine model. The engine model and serial number should be adequate for most of your needs. However, if you need the detailed engine type, you can find an engine identification guide here.

How to Determine the Year of a Honda Outboard Motor by the ... Reference the Honda Outboard Motor Model Identification Guide to determine the year in which your motor was manufactured. For example, the serial number BF2D2SCHA indicates that the motor was built in 2002.
