How I Killed Pluto and Why It Had It Coming NPR coverage of How I Killed Pluto and Why It Had It Coming by Mike Brown. News, author interviews, critics' picks and more.

How I Killed Pluto and Why It Had It Coming - Wikipedia

How I Killed Pluto is far from the typical non-fictional fact-checking of scientific discovery. In fact, as a fan of scientific discovery, I found it a bit light on actual scientific content. Brown does a good job of detailing the processes he and his team used to find the objects that they discovered, but there was very little detail about the objects themselves.

How I Killed Pluto and Why It Had It Coming by Mike Brown ...

He does a tremendous job of weaving his personal story into the story of how the solar system ended up with 8 planets. By the time you are done reading, you know the husband and father, the astronomer, the scientists, the guy who has a discovery stolen from him, and of course, the guy who 'killed Pluto'.

How I Killed Pluto and Why It Had It Coming by Mike Brown ...

"The provocative title of astronomer Mike Brown's memoir, *How I Killed Pluto and Why it Had it Coming*, refers to Brown's research that led to the International Astronomical Union's decision that Pluto is not a planet (it's now considered a dwarf planet).

How I Killed Pluto and Why It Had It Coming by Mike Brown

How I Killed Pluto and Why It Had It Coming - Kindle edition by Mike Brown. Download it once and read it on your Kindle device, PC, phones or tablets. Use features like bookmarks, note taking and highlighting while reading *How I Killed Pluto and Why It Had It Coming*.

How I Killed Pluto and Why It Had It Coming (Audiobook) by ...

The fact that *How I Killed Pluto and Why It Had It Coming* landed on my TBR at all was uncanny - the fact that it survived four years on my TBR without being cut is a miracle. I'm really glad it did, because I found this book informative and fascinating.

Amazon.com: *How I Killed Pluto and Why It Had It Coming* ...

*How I Killed Pluto and Why It Had It Coming* / Mike Brown / Spiegel & Grau / Dec 7,

2010 (from Publisher's Weekly, starred review) Caltech professor Brown takes readers on a leisurely stroll across campus in this memoir of an astronomer's personal life and the years-long quest to locate new planetary bodies that has so occupied his attention.

How I Killed Pluto And

“ Brown ’ s brisk, enjoyable How I Killed Pluto and Why It Had It Coming chronicles the whole saga [of the demotion of Pluto] and, in the process, makes [its] sad fate easier to take. If we ’ ve lost a planet, we ’ ve gained a sprightly new voice for popular science. ” —
