E002-0000 ERROR Imagerunner 2202 | Jamiiforums

Performing an offline update. if the first potential fix didn't help, it's very likely that you're encountering this issue due to the fact that the onboard console flash is updated to an OS version newer than what you currently have on your HDD or SSD and/or the recovery flash drive.

Error Codes > Canon > iR3300 > Code E003-0000

The funny thing is that today it was a paper jam causing the problem! I don't know why that code got thrown again (although now I know how to fix it for sure) but it was a single piece of paper which was jammed on the right hand side door all of which was directed to me by my handy color screen on my faithful Canon Imagerunner.
