Learn how to make paper airplanes with these easy instructions.

Select the plane you want and get ready for takeoff. Be careful with the ones that are pointy, they can hurt! Most planes are best indoors, but some will surprise you outdoors.

How To Make Your Airplane

To build an airplane, start by putting the frame together, beginning at the tail and working your way forward to the nose of the plane.

Then, attach the wings of the plane. Once you're finished with the frame, install the engine in the nose of the plane and connect the propeller to the front of the engine.
