Click here to see all Mazda products. Using Mazda Gas Struts. Mazda gas struts from Lift Supports Depot improve the function of your Mazda's struts. Also known as "liftgate supports", gas struts establish the range of motion for vehicle parts that move by using the struts to open and close, including tailgates, hatchbacks, lids that cover pickup truck beds, and hoods.

1988-'91 Mazda RX-7 Convertible | Hemmings Daily

[Home] [Up] The trick to replacing the fuel filter is that you have to remove it from its bracket first so you can lower it a little and get a pair of pliers on the hose clamps. Also Mazda uses a lot of hose/filter pipe overlap so it is very difficult to get the hoses on and off. Start by releasing the fuel pressure,...

RX-7 Headrest Speakers - 3rd Millennium

We can't really make the case that the 1988 to 1991 Mazda RX-7 Convertible is a "sports car" in the traditional sense of the word. Its rather languid 9.7-second zero to 60 MPH time, brought to you by a normally aspirated, 160hp twin-rotor engine and a relatively porky 3,030-pound curb weight, made sure of that.

How To Remove Rx7 Convertible

Lowering the roof on my s5 Mazda Rx7 vert. (Abit hard doing it with only 1 hand, I normally run the car while doing it but just had it turned to on without starting to make it easier to hear me.)

1988 thru 1992 Mazda RX7 Convertible Tops & Accessories

The Mazda RX-7 Convertible Top The RX-7 convertible top design is unusual. Like most two-part tops, the RX-7 top features a front and rear section. But instead of integrating the two sections as is necessary with most convertible tops, the RX-7 works more like a Targa top: A bar stretches across the top of the car.

Removing the Gas Tank and Spindle Assembly From a FB Rx-7

First episode on my summer rebuild of the 1987 Mazda RX-7 FC Turbo II. The first thing to address with a car that has been sitting for so long is the fuel system. The old fuel needs to be drained ...
