***LibGen is a unique concept in the
category of eBooks, as this Russia
based website is actually a search
engine that helps you download
books and articles related to
science. It allows you to download
paywalled content for free including
PDF downloads for the stuff on
Elsevier's Science Direct website.
Even though the site continues to
face legal issues due to the pirated
access provided to books and
articles, the site is still functional
through various domains.***
