IB Analysis and Approaches SL and HL Resources | IB Maths ...
In order of increasing difficulty, the courses offered are Mathematical Studies SL, Mathematics SL and HL, and Further Mathematics HL. The computer science elective courses were moved to Group 4 as a full course from first examinations in 2014. [29]

New IB Mathematics Courses for classes of 2021 and Following
The IB does not do a good job of distinguishing between the four courses, but from what I can gather, Mathematical Studies SL is the lowest level of mathematics, then Mathematics SL, then Mathematics HL, then Further Mathematics HL.

University System of Georgia Freshman Admission Requirements
IB Maths Revision with Revision Village. There's a really fantastic website been put together to help IB students with topic revision both for during the course and for the end of Year 12 school exams and Year 13 final exams. I would strongly recommend students use this as a resource during the course (not just for final revision in Y13!)

International Baccalaureate (IB) | Office of Admissions
(SL): This class is most similar to the current Mathematical Studies SL course. HIGHER LEVEL (HL): This course will include new content, including statistics. It is intended to meet the needs of students whose interest in mathematics is more practical than theoretical but seek more challenging content. STANDARD LEVEL (SL): Strong Algebra 1 ...

The Complete List of IB Courses and Classes
More than 2,500 secondary schools in 150 countries offer college-level courses that prepare students for International Baccalaureate (IB) exams. If your school is authorized to offer these courses, you can earn college credit. There are two tracks for students enrolled in IB programs: standard level (SL) and higher level (HL).

IB Math Applications & Interpretation SL | Revision Village
The SL course will now be a complete sub-set of the HL course, and the HL exam will now include some of the same questions as the SL exam. Previously whilst SL was almost a complete sub-set of the HL course, the questions on the HL paper were never the same as SL (and usually all significantly harder). There are a few small additions to the HL ...

Maths in the DP - International Baccalaureate®
IB Mathematics Applications and Interpretation (AI) Standard Level (SL) is one of the four math courses introduced in the current IB Mathematics curriculum (2021-2027). The AI SL course was designed by the IB to cater for 'citizens in our future world', whereby students can harness the power of technology to solve real life practical problems.
