How to Renew Your SSL Certificate on IIS
The Tiger II is a German heavy tank of the Second World War. The final official German designation was Panzerkampfwagen Tiger Ausf.B, often shortened to Tiger B. The ordnance inventory designation was Sd.Kfz. 182. (Sd.Kfz. 267 and 268 for command vehicles) It was known as King Tiger by Allied soldiers, and is also known under the informal name K ö nigstiger (the German name for the Bengal tiger ...

Tiger II - Wikipedia
(CE.3/CE.6/CWE.3/CWE.6) in the message should reference the Coding System, not the Value Set. Given the distinctions between value sets and coding system, often there is confusion as to the value to send in the message in the CE and CWE data types. For coded data types, the coding system in the third component is drawn from table HL70396.
