A slight to medium chance of showers and thunderstorms in eastern and northern districts, increasing to a medium to high chance in the far north.

Libyan Desert - Wikipedia

A clock or a timepiece is a device used to measure and indicate time. The clock is one of the oldest human inventions, meeting the need to measure intervals of time shorter than the natural units: the day, the lunar month, and the year. Devices operating on several physical processes have been used over the millennia.. Some predecessors to the
