Syndicalism | **The Kaiserreich Wiki** | **Fandom**
The term Syndicalism has been derived from the French syndicats, associations of workingmen uniting members of the same trade or industry for the furtherance of common economic interests. Syndicalism should therefore be synonymous with Industrial or Trades Unionism; but like "Socialism" the word has come...

Syndicalism's lessons | **SocialistWorker.org**
National syndicalism was intended to win over the anarcho-syndicalist Confederación Nacional del Trabajo (CNT) to a corporatist nationalism. Ledesma's manifesto was discussed in the CNT congress of 1931. However, the National Syndicalist movement effectively emerged as a separate political tendency.

WikiZero - Industrial Syndicalist Education League
The syndicalist movement flourished in France chiefly between 1900 and 1914 and had a considerable impact in Spain, Italy, England, the Latin-American countries, and elsewhere. It had ceased to be a strong, dynamic force by the end of World War I, but it remained a residual force in Europe until World War II.

Industrial Syndicalist Education League - Wikipedia
Revolutionary industrial unionism, part of syndicalism in the broader sense, originated with the IWW in the United States and then caught on in other countries. In a number of countries, however, certain syndicalist practices and ideas predate the coining of the term in France or the founding of the IWW.

Syndicalism - Wikipedia
Anarcho-syndicalism, also referred to as revolutionary syndicalism, is a theory of anarchism that views revolutionary industrial unionism or syndicalism as a method for workers in capitalist society to gain control of an economy and thus control influence in broader society. Syndicalists consider their economic theories a strategy for facilitating worker self-activity and as an alternative co-operative economic system with democratic values and production centered on meeting human needs. The bas

Mann returned convinced of their doctrine.

Syndicalism | **political economics** | **Britannica**
Industry in a syndicalist system is run through co-operative confederations and mutual aid. Labour unions play a vital role in syndicalism and run the society after the downfall of capitalism. For adherents, labor unions are the means to achieve political representation and run society fairly in the interest of the majority, through union democracy.
