You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

ARPA-E: Funding Opportunity Exchange

In Excel 2013, each of your workbooks opens in its own window, similar to Word and PowerPoint. This means that each workbook has its own ribbon and top-level window frame that you can move and resize independent from your other open workbooks. This functionality can improve multitasking, visibility, and analysis across workbooks. In this post, we'll discuss some of the more advanced aspects of ...

"How do I open my workbooks in separate windows?" This has been a common inquiry from many of our customers who want to look at their workbooks side by side, or spread them across more than one monitor. Good news: starting with Excel 2013, each of your workbooks opens in its own window, similar to Word and PowerPoint today. That means that each workbook has its own ribbon and top-level window ...
