A lively, non-technical explanation of how, to integrate research and design and how to carry out research on people and groups that is useful to designers. The book explains how to tailor sociological, psychological, and anthropological methods for the study of environment behaviour issues such as how to prevent tourists from getting lost in a city or how to build low income housing projects ...

### Inquiry by Design: Tools for Environment-Behaviour ...

How did Inquiry By Design come about? I saw a real need for an organization with a concern for something other than, or more than, product dissemination. We wanted to combine the power of smart, well-designed curriculum with intensive professional development experiences, in ways that dignified students, teachers, and the profession.

### Inquiry by Design: Environment/Behavior/Neuroscience in ...

How is Inquiry by Design unique? We build capacity and change cultures. We believe people get smarter together. We believe complexity is for everyone. We turn teachers into coaches. We provide data-driven, differentiated writing support. We believe students deserve authentic, meaningful work.
