Integrated project management in the organization
Establishing an IMO plan for the purposes of managing integration is highly recommended, as it provides a "home base" for all integration activities and can be set up as a unique cost center to capture integration related expenses. At its essence, an IMO is a temporary project management office that:
Drives development of overall integration plans, including all the integration projects ...

Implementation Services | Project Management Office ...
Integrated project management tracks projects by converting important information from the sales process to project records. From routing files to creating schedules, having a continuity of information saves a considerable amount of administrative time for your project team once they receive the handoff from sales.
