COMMUNICATION STUDIES The discipline of communication studies is now firmly established in the academic market-place. This classic text is a lucid introduction to the main authorities in the field, aimed at students coming to the subject for the first time.

The John Fiske Collection:
Introduction to Communication ...
This is an excellent introduction to the study of communication. Fiske uses plain language and simple examples to describe semiotics in an interesting and accessible way. He makes it clear that we are all products of our social and cultural environment, that the assumptions we live with about the world don't naturally occur but are the result of a complex process called

INTRODUCTION TO

COMMUNICATION STUDIES. 40

Semiotics At the centre of this
concern is the sign. The study of
signs and the way they work is
called semiotics or semiology, and
this will provide the alternative
focus in this book. Semiotics, as we
will call it, has three main areas of
study: 1. The sign itself.
