Amazon.com: Introduction to Law and the Legal System ...

There are many philosophies of law and thus many different jurisprudential views., and the two main schools are legal positivism A jurisprudence that focuses on the law as it is—the command of the sovereign. and natural law A jurisprudence that emphasizes a law that transcends positive laws (human laws) and points to a set of principles that are universal in application..

Syllabus - Introduction to Law

Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law, and on the different solutions which have been adopted by, for instance, the common law and civil law tradition.

The Rule of Law – Introduction

Land Law focuses upon the uses and supply of land. It looks to facilitate how an owner of land may use it or moderate how others do so; this relationship can develop into 'interests' in the land. This module will examine the different interests that a person may have in land and how the law seeks to resolve conflicts through statute, common law and equity.

Introduction to Law Notes and Past Papers | Digestible Notes

Law is a system of rules created and enforced through social or governmental institutions to regulate behavior, with its precise definition a matter of longstanding debate. It has been variously described as a science and the art of justice. State-enforced laws can be made by a group legislature or by a single legislator, resulting in statutes; by the executive through decrees and regulations ...
