Introduction | PS: Political Science & Politics ...

In my previous posts, I explained how I try to introduce the activity of politics to students. Following my “great books” approach to introducing political science, I then turn to each of the subfields: political philosophy, Canadian politics (in the U.S., this section would obviously cover U.S. politics), international relations, and comparative politics.

POLITICAL SCIENCE (852) - CISCE

Political science, the systematic study of governance by the application of empirical and generally scientific methods of analysis. As traditionally defined and studied, political science examines the state and its organs and institutions. The contemporary discipline, however, is considerably broader than this, encompassing studies of all the societal, cultural, and psychological factors that ...
