Full text of "Introduction to Radar Systems"
The history of radar extends to the early days of modern electromagnetictheory (Swords, 1986; Skolnik, 2001). In 1886, Hertz demonstrated reflection of radio waves, and in 1900 Tesla described a concept for electromagnetic detection and velocity measurement in an interview.

9780070445338: Introduction to Radar Systems - AbeBooks ...
Introduction to Radar Systems. The topic coverage is one of the great strengths of the text. In addition to a thorough revision of topics, and deletion of obsolete material, the author has added end-of-chapter problems to enhance the "teachability" of this classic book in the classroom, as well as for self-study for

practicing engineers.
