For many women, anxiety about fertility and their ticking body clock starts long before they get pregnant. Is Your Mind Fertility-Friendly? aims to help busy women become aware of the impact stress and negative emotions can have on the body, including the detrimental effects they can have on your fertility.

Is Your Body Baby-Friendly?: Unexplained Infertility ...

The only thing that can rid them of this feeling is to prove to themselves that their body is indeed made to have babies. For years now, doctors have dealt with recurrent miscarriages saying, "It's God's will" and "The body knows when a baby needs to be rejected." Others simply believe that it is just bad luck when miscarriages occur.
