International Law. International law relates to the policies and procedures that govern relationships among nations (Clarkson, Miller, & Cross, 2018). These are crucial for businesses for multiple reasons. First, there is not a single authoritative legislative source for global business affairs, nor a single world court responsible for interpreting international law (Cheeseman, 2016, p. 903).

Essentials of Glycobiology [Internet] - PubMed
The results among the 3 sections were consistent. Overall 50% of students said that they found the Pre-writing stage to be the most challenging, while 28% found the Drafting stage most difficult and 22% said the Revision stage was most challenging (see Figure 1). These results suggest that we should place more emphasis on teaching and ...
