IVECO CURSOR 13 engine/440HP

Power comes from the IVECO Cursor 8 engine featuring direct-injection technology, variable-geometry turbo and overhead camshaft design with four valves per cylinder. The 7.8-litre, six-cylinder unit produces 265 kW (360 hp) and 1500 Nm of torque at a low 1125 rpm. This is an SCR engine currently rated to conform to Euro 5 specs.

Help me fix my engine problems - Iveco Daily Forums

A Euro 5 SCR engine, the Cursor 13 has also evolved to Series II status, which, at the very least, suggests that Iveco has identified and amended those issues that caused concern in earlier models. Again, the word from within Iveco is that Cursor's Series II derivative is showing none of the problematic traits of its predecessor.

delivers peak torque of 2,300Nm from 1,000 rpm and keeps it constant up to 1,525 rpm.. The Cursor 13 410HP engine is equipped with Iveco's Combined Engine Brake.

Cursor engines - Iveco

Hi, I have a 2007 iveco stralis with a cursor 10 engine. I am a farmer in Australia and use the prime mover with a tipper trailer to deliver grain to port. My problem is that the engine overheating alarm comes on regularly, especially on hot days. I do have to drive it through the field a lot, which can suck up a lot of dust and chaff.

IVECO AUSTRALIA - STUDYING STRALIS

Approval for 4 Ecopoints is available on all engine settings. The Cursor engines feature high maximum torque (at least 400 rpm), which is matched by a maximum constant output of 500 rpm with the Cursor 10 and almost 400 rpm with the Cursor 13. The new Cursor 13-540 yields maximum output at 1600 rpm.
