perioperative management of patients during all procedures performed by general and subspecialist surgeons.

Anesthesiologist's Manual of Surgical Procedures ...

Jaffe's is a good book for clinical practice. As most books, and maybe in this case even more than most books, it's a bit flawed by each chapter author's personal preference, rather than science based reasoning. But then again, that's what this book is all about. To give you one way of attacking a specific surgical procedure.

Anesthesiologist's Manual of Surgical Procedures, 4th edition

This is followed by the subspecialty anesthesiologist's description of anesthetic considerations for this type of surgery, including preoperative
