The JCB 3CX: a great value high performance backhoe loader
A backhoe—also called rear actor or back actor—is a type of excavating equipment, or digger, consisting of a digging bucket on the end of a two-part articulated arm.It is typically mounted on the back of a tractor or front loader, the latter forming a "backhoe loader" (a US term, but known as a "JCB" in Ireland and the UK). The section of the arm closest to the vehicle is known as the boom ...

JCB 3CX Sitemaster Range | Backhoe Loaders | JCB.com
The JCB 3CX backhoe loader is available with either a canopy or climate-controlled, positive-pressure cab. The operator station is the largest in its class, and all controls are ergonomically positioned, for improved comfort and productivity. The conventional manual control system on the JCB 3CX backhoe loader is easy and comfortable to operate.

JCB Operator Manual – Service Manual Download
JCB sells its products through a network of independent authorised dealers and therefore the MRRP is not the selling price of a JCB product. If you wish to obtain a quotation for a JCB product from a JCB dealer then please use the quotation tool in this website or contact a JCB dealer directly.
