How John Berger changed our way of seeing art

John Berger's now classic article "Ways of Seeing" (1972) revolutionarily, for his time, analyses the manner in which men and women are culturally represented, and the subsequent results these representations have on their conduct and self as well and mutual perception. In "Ways of Seeing" Berger claims that the representations of men and women in visual culture entice different "gazes", different ways in which they are looked at, with men having the legitimization of examining women, and ...
