The Internet: Changing the Language. It is, of course, too soon to say what permanent effect the Internet will have on languages. Electronically mediated communication (EMC) has been in routine use for only around twenty years, and this is an eyeblink in the history of a language. It takes time—a lot of time—for a change to emerge, for ...

The Electoral System . In the United States, a candidate wins the election by gaining a plurality, or more votes than any other candidate. This is a winner-take-all system because there is no reward for the party or candidate that finishes second. Parties aim to be as large as possible, smoothing over differences among candidates and voters.

Julius Caesar Doent Based Questions

Julius Caesar (and Augustus, after him) tinkered with the calendar even more, as it became apparent that 365 days for each year wasn't quite right. Julius added the concept of a "leap year" every four years, and because he was so proud of his new calendar he had to go and name a whole month after himself.

The idea that "the ends justify the means" admits that there is something inherently wrong with "the means". Indeed, it admits that "the means" are actually unjustified by themselves. The claim, then, is that although "the means" are unjustifiable in themselves, that a particular outcome that is achieved by them results in the justification of the unjustified.
