### **Normal WBC Range in Children | Healthfully**

The average upper limit for systolic blood pressure will range from 108-121. The average upper limit for diastolic blood pressure in children in this category will range from 71-81. Average systolic pressures for boys and girls aged between 6 and 9 can be better seen in the chart below:

### **Amazon.com: Kid Normal (9781681197098): Greg James, Chris ...**

A fine line often divides normal from abnormal behavior, in part because what is "normal" depends upon the child's level of development, which can vary greatly among children of the same age. Development can be uneven, too, with a child's social development lagging behind his intellectual growth, or vice versa.
