BendixKing KX-155 | SEAEROSPACE.COM

Over the phone we went through what needed to be replaced and basically the price was brought back down to the original quote. The extra cost were suggestions I guess and they didn't tell me this at first until I refused the repair. I decided to get it fixed again and if something else comes up they are going to just exchange the radio.

There are a few notable exceptions to the factory-only service requirements. The rugged KX 155/ 155A/165/165A nav/com radios, KI 256 flight command indicator for autopilots, and KLN 94 and 89B GPS navigators are still field-repairable. That means aircraft owners, flight schools, and others may visit local avionics shops for repairs to those models.

KX 155A - BendixKing

The isolation amplifier feature available on certain part numbers of the KX-155 Nav/Comm radio provides audio output from the KX-155 to drive a speaker. This feature was made available so that speaker audio was available for the KX-155 when used with Bendix/King's KA-134 audio selector panel which did not contain an internal speaker amplifier.

Avionics pinout files - Texas Air Salvage

The gas discharge displays in the King radios is a known problem. Both the 155 and 165 suffer from that. King apparently has an LED fix for the gas discharge display, but it ain't cheap - not much less than the price used KX-155s are going for. If you have more than display problems with the radio I suspect your lowest cost solution is to find ...
