ManyBooks is one of the best
resources on the web for
free books in a variety of
download formats. There are
hundreds of books available
here, in all sorts of
interesting genres, and all
of them are completely free.
One of the best features of
this site is that not all of
the books listed here are
classic or creative commons
books. ManyBooks is in
transition at the time of
this writing. A beta test
version of the site is
available that features a
serviceable search
capability. Readers can also
find books by browsing
genres, popular selections,
author, and editor's choice.
