## **Project MUSE - Populism in Latin America**

In Latin America, populism's strong historical ties with the left have facilitated homogeneous thought. The term is often confined to the left of the political spectrum in order to attack opponents and make electoral gains. This has led critics to discount populism as nothing but a label used against any progressive governments.

## **Populism - Wikipedia**

A new wave of populist governments with autocratic tendencies have come into power in Latin America, ending the left-leaning "pink tide" that swept across the region in the early 2000s. These new governments cast shadows over China's comprehensive strategic partnerships in the region.
