Each such innovation should be seen as a change, and Kotter's book provides a focused handbook on making sure that IT transformation chance to succeed. The technology part is only a very small component of a successful transformation. Some of my takeaways from Kotter's process: generating short term wins.

Leading Change - John P. Kotter - Google Books

When it comes to change management, John Kotter is the most cited author worldwide. In 1995, his book *Leading Change* became an international bestseller. In this book, Kotter describes 8 necessary steps for cultural change. 17 years later however, he changed his vision on organization from a organization where change is implemented top-down, towards an organization of voluntary bottom ...

Leading Change | A Book by Dr. John Kotter | Learn More

John Kotter, in his book *Leading Change*, cites globalization as a major force in driving change (Kotter, 1996, p. 10). Kotter takes the traditional differentiation of management versus leadership. Kotter has carefully chosen his title as *Leading Change* rather than *managing change* as a statement that leadership rather than management alone is needed to guide organizations through times of great change.
