new creations, you can also share them on the social networking platforms.

Learning By Doing: The PLA Trains at Home and Abroad ... In an effort to better understand the PLA's ability to employ its developing capabilities in a variety of potential scenarios, this year's workshop examined how the PLA learns by doing, specifically through its exercises and noncombat operations at home and overseas, and through key logistical and theoretical developments.

Learning by Doing - Army War College

Learning through play is a term used in education and psychology to describe how a child can learn to make sense of the world around them.

Through play children can develop social and cognitive skills, mature emotionally, and gain the self-confidence required to engage in new experiences and environments.. Key ways that young children learn include playing, being with other people, being ...
