In the washing machine world, top-loaders are definitively old-school—and the LGWT7100CW (available at AppliancesConnection for \$645.00) is the honor student. At 4.5 cu. ft., the WT7100CW uses a lot of water, has simple controls, comes in at a relatively low price, and still has a touch of modern features.

### LG Washing Machine Review 2021 - Homeliness

Lint is small fibers which separate from the surface of cloth while washing in the washing machine. These filters are designed to catch lint, pieces of wet paper that are accidentally left in the clothes. While washing lint from clothes attaches to other clothes, as a result, it forms a dust like surface on clothes.
