## File Type PDF Life Hurts A Doctors Personal Journey Through Anorexia

Doctors go through phases of denial, grief and acceptance. “[The impact] varies from individual from individual, but it could last a lifetime,” he said. Worse, their future patients are affected. After a lawsuit, all the doctors interviewed in the piece practiced more cautiously, ordered more tests, and viewed their patients as adversaries:

Chronic pain: The “invisible” disability - Harvard Health ...  
Humanizing your doctor We expect a lot of health practitioners: to spend a reasonable amount of time with us, to communicate effectively, to be in a good mood and to have answers to all our medical questions.If you ask patients whether these expectations are met, some will say yes, but the majority feel let down.
