once per month. Press on the PUSH tabs on the waste receptacle lid to detach from the waste receptacle compartment cover (G).

Littermaid - Powerful Guides

Just follow these simple assembly instructions. Carefully remove and discard all the protective packing elements and tape from the unit, and all components. Place the unit on the floor, and take an inventory of all the contents.

Littermaid LM980 Manuals

And you can help the rake lift up by slowly pushing on it with something, giving it more strength. I had this problem and found that if I "helped" the rake return to its normal position, it would work most of the time, and then need "help" every once in awhile. I actually gave up on littermaid type boxes...they just don't work very well.

these instructions: 1. Place the LitterMaid unit next to your old litter box. 2. Set it to run automatically. 3. Do not clean out the old litter box. (Cats prefer to use a clean box and the LitterMaid litter box will always be clean.) • If your cat is shy then do not operate the LitterMaid litter box automatically for 2-3 days.

How to Troubleshoot the Reset Button on a Littermaid ...

The sensor must be blocked for at least 10 seconds while your cat uses the litter box. As your cat exits the box, the sensor becomes unblocked and initiates the Cleaning cycle.

FOR MULTI-CAT HOUSEHOLDS

Cat waste management is made easier, thanks to the LitterMaid LM580 Classic (See Lowest Price), which scoops the accumulated litter 10 minutes after your cat has exited the litter area. There is a sensor in place which will detect if your cat has completed its business, and once it has detected that the cat has exited the area, the system will facilitate the removal of the waste.
