London in Fragments 'A Mudlark's Treasures Sandling, Ted ...

I believe this to be a common sensation amongst mudlarks. I wrote London in Fragments to evoke this connection, between found objects and the people who lost them. As well as the personal stories, I wanted each piece to inspire a journey, of memory, history or out into the world, because, to me, the pieces I find are a reminder that London has always been a global city.

London In Fragments A Mudlarks

Mudlarking, the act of searching the Thames foreshore for items of value, has a long tradition in England's capital. In the late 18th and 19th centuries, mudlarks were small boys grubbing a living from scrap. Today's mudlarks unearth relics of the past from the banks of the Thames which tell stories of Londoners throughout history.

London's history in mud: the woman collecting what the ...

Mudlarks in the 18th and 19th centuries. Mudlarks would search the muddy shores of the River Thames at low tide for anything that could be sold; and sometimes, when occasion arose, pilfering from river traffic. By at least the late 18th century people dwelling near the river could scrape a subsistence living this way.

Dr. Fiona Haughey, a London archaeologist who has worked on the Thames since the 1990s, said that although some mudlarks are looking for valuables, others are looking for a connection with the ...

BBC - Travel - The lost treasures of London's River Thames

Mudlarks sold coal to the local poor, and took iron, bones, rope and copper nails to rag shops, or might sell fragments of pipes or other objects to a collector who appeared on the river bank. If they found tools, they usually took these to seamen, who exchanged them for 'biscuit and meat'. Mayhew believed their average earnings to be 3d. a ...
