6 speed e39 530d - Bimmerforums - The Ultimate BMW Forum ...

I've boosted from the oldschool engine, original 184hp one, to 345hp. But on that, the head is super restrictive. Adding fuel or boost didnt matter and the engine turned out to be worn out too. A guy i know just did a full engine work on his 535D 272hp version and installed 286hp head and valves etc. Got the bigger turbo hybrid too.
