Dragons & Druids Series by Leia Stone - Goodreads

I love a good dragon book, and this one has blown me away! The unique concept with druids, sorcerers, fae, humans and shifters - especially the origin explanation - was brilliant! I loved how the book started right off with the action - we got to meet Sloane on the run, not before she discovered she was a dragon (Skyborn).

Magictorn (Dragons and Druids, #3) by Leia Stone

I think one of the worst things you can do is to finish a series with an okay final book. Well I am glad this is not one of those books! There was so much that was great about this story. There was action, turmoil, friendship, love and humor. I think MagicTorn was my favorite of the series. It is a quick read but it does not disappoint.
