process of analysis, formulation, implementation, evaluation, monitoring, and control. If the management accountant is to add value to the business they need to understand how the business works.

### (PDF) A STRATEGIC APPROACH OF MANAGEMENT ACCOUNTING

Strategic focus is a business imperative but not something that all businesses fully understand. Thinking strategically requires identifying a desired end state, considering all of the impacts (positive and negative) that might affect the achievement of that end-state and coming up with strategies (general plans for leveraging strengths and opportunities, or overcoming weaknesses and threats
