Management: Theory, Research and Practice, is a ground-breaking business management text, featuring readings written expressly for the book by successful scholars and practitioners in the field. The text moves the study of management away from the standard dry, academic, information-dense approach, and presents it as a hands-on, practical discipline, requiring input from both practitioners and scholars.

Research and Theory for Nursing Practice

management theory and practice are polar opposites. This popularized notion about theory and practice either ignores or overlooks the fact that good theory underlies and improves practice. As academicians, we have often contributed to this canard. In our zeal to develop a clear, useable and singularly
