World Public Library: Technically, the World Public Library is NOT free. But for \$8.95 annually, you can gain access to hundreds of thousands of books in over one hundred different languages. They also have over one hundred different special collections ranging from American Lit to Western Philosophy. Worth a look.

Money - Wikipedia

Monetary economics is the branch of economics that studies the different competing theories of money: it provides a framework for analyzing money and considers its functions (such as medium of exchange, store of value and unit of account), and it considers how money, for example fiat currency, can gain acceptance purely because of its convenience as a public good.

Money, Banking and Financial Markets

Money is any item or verifiable record that is generally accepted as payment for goods and services and repayment of debts, such as taxes, in a particular country or socio-economic context. The main functions of money are distinguished as: a medium of exchange, a unit of account, a store of value and sometimes, a standard of deferred payment. Any item or verifiable record that fulfils these ...

Garrison's NCLEX Tutoring - YouTube

I was recently rereading an essay by Karl Popper, "A Realistic View of Logic, Physics, and History" published in his collection of essays, Objective Knowledge: An Evolutionary Approach, because it discusses the role of reductivism in science and philosophy, a topic about which I've written a number of previous posts discussing the microfoundations of macroeconomics.

Uneasy Money | Commentary on monetary policy in the spirit ...

Today is the 23 rd anniversary of the death of Townes Van Zandt, who is now universally regarded as one of the greatest songwriters ever.. And yet during his lifetime he made very little money. Even in his best years he got less than \$100,000 from song-writing royalties, and for much of his life he might well have earned more from the oil drilling rights bequeathed by his rich family than from ...
