### BLACK BOX LB9017A-R3 MANUAL Pdf Download.

Hubs are used less and less these days because they're less efficient than switches and are therefore liable to slow down traffic overall. An Ethernet switch is used in a wired network to connect devices using Ethernet cables. Even with a switch, you will still need a router to connect to the internet.

### Gigabit Ethernet Switch 10/100/1000 Mbps GS605 / GS608

Multiple Switches. Systems with more than 5 SeaTalk hs devices require more than one network switch. Network switches can be connected together ("daisy-chaining") for this purpose. The network switch provides a dedicated high-speed (1000 Mbit/S) port for connecting switches together while still retaining full data bandwidth throughout the system.
