Solvency II SII Engine - 1asig.ro

Busy day today, so apologies if you are not a fan of volume! I went through a few articles in June edition of The Actuary magazine - as I had blogged earlier, there seems to be a Solvency II land grab exercise anticipated in which the Risk Management profession would lose out to their Actuarial counterparts, so it is good so see where the common ground is.

As a result, a number of companies are investing in or investigating pre-built modelling alternatives to the manual completion of the Standard Formula spreadsheets. Such models are not only aimed at simplifying the challenges of calculating the SCR but also offer packaged solutions that are designed to help make insurers' response to Solvency II more robust, efficient, flexible and practical.
