"Annette" is powered by twin Volvo Penta TAMD 40, inboard diesels. These 6-cylinder, 200hp units have been well maintained and have had a recent service. The port engine hours are slightly higher as this is the engine that feeds the hot water calorifier. She burns in the region of 10 gph when cruising at 15 knots and 20 gph when flat out.

Creativity is a phenomenon whereby something somehow new and somehow valuable is formed. The created item may be intangible (such as an idea, a scientific theory, a musical composition, or a joke) or a physical object (such as an invention, a printed literary work, or a painting).. Scholarly interest in creativity is found in a number of disciplines, primarily psychology, business studies, and ...
