### Mastering Project Management In 8

"Making Things Happen" is a project management book that breaks away from the usual mold. There is so much emphasis on a PMP certification that many project management titles have become dry recitations of the PMBOK. Not so with this book! The book is eminently readable, and the advice is well-grounded in real-world experience.

[Scott Berkun] Making Things Happen - Mastering Project

...

In practice, the management of these two systems is often quite different, and as such requires the development of distinct technical skills and management strategies. The project manager and project team have one shared goal: to carry out the work of the project for the purpose of meeting the project's objectives.
