The recording industry is, perhaps, the most volatile sub-section of the music business. Just take a look at the recording market in the last 20 years or so. First, labels got pummeled by digital piracy for a decade. Then, in part as a response to the piracy problem, both supply and demand sides of the recording value chain were disrupted by the streaming economy and music production software ...

I want to share some of my thoughts about succeeding at Microsoft and reaching Level 63, the Senior contributor level at Microsoft. Given that quite a few Microsofties are going to find themselves locked into their current group for a while, the ability to succeed by swinging on the vines to a new group is going to be rare.
