Bloom's Taxonomy - Emerging Perspectives on Learning ...

It has been proved that the interactive teaching methods are effective to involve most students and motivate them in mastering course materials. ... chemical processes, periodic table, among ...

10.3 Grouping on Two or More Columns | SELECT Statement ...

this was quite insightful, but i have a problem i was given a question to compare pentane and diethyl ether. Based on the information i have seen it looks like pentane has a higher boiling point than di-ethyl ether, based on actual BP but your information tells me that it should be otherwise as diethyl ether has dipole-dipole interactions and pentane has van der waal forces.
